

Do your employees know how much you invest in them each year?

Employees often overlook the cost of employer-sponsored benefits. Through the use of our Hidden Paycheck feature you now have the ability to illustrate the value of your employee's total compensation package. Communicate your commitment and dedication to each employee by highlighting the diverse items offered by your company above and beyond, just an employee's salary. Show the monetary value of Employee Benefits, Retirement Plans, Employee Bonus's, Government Taxes, Paid Time Off and other company perks.

My Hidden Paycheck allows you to create a custom tailored total compensation statement for each employee. Utilize the interactive interface to create your company's custom template. This custom template allows efficient population for each individual employee specific statement. Quickly and professionally communicate personalized salary and benefit information, by this simple, yet high impact presentation.

Features of My Hidden Paycheck

- Tailor an employee's Hidden Paycheck according to their personal compensation package
- Populate standard template categories with default information
- Modify existing categories and create your custom template
- Generate 3D pie chart representing percentage of compensation
- Print a graphically pleasing color Hidden Paycheck statement
- One page high impact presentation / showcasing total value

Please note: Individual employee Hidden Paycheck CANNOT be stored or saved within the HR Support Center. This was designed to provide protection of your employee's personal information. The generated PDF may be saved locally on your company computer.
